Python in Czechia

The Czech Python community is active and open.
You can find help, friends or even a job.

## The Portal   python.cz/en

The community website contains info for everyone — from beginners to pros.

## Conference   cz.pycon.org

Every year, we organize a conference, **PyCon CZ**.
On the website you'll find past talks and current info.

Meetups   pyvo.cz/en

Come to **Pyvo**! Prepare a talk, even just a five-minute
"lightning talk". Or just come to chat. While "Pivo" means
beer, we welcome everyone — even non-drinkers.

Courses   naucse.python.cz

PyLadies organize courses for women.   **pyladies.cz**
We organize **workshops**.   **pyworking.cz**
We teach a **university** course.   **github.com/cvut/mi-pyt**
The teaching materials are open – albeit mostly Czech.
Learn from them, contribute or fork your own course.

Blog   blog.python.cz

Write an article for the Czech Python blog!

Get involved!   python.cz/zapojse   **pyvec.org**

It's all done thanks to people like you. Formally we're **pyvec.org**, a nonprofit org.
